“An eco-friendly multi-purpose detergent for grey water use.”

DESCRIPTION

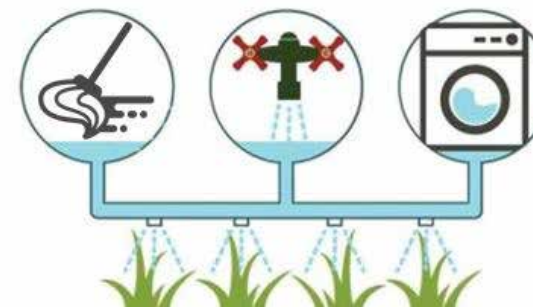

Care multi-purpose detergent is an excellent dish washing detergent or laundry detergent.

The fresh fragrance is crisp and clean.

Care maintains the integrity of the epidermal layer, preventing excessive dryness of the hands, but cleans dishes effectively.

By using a biodegradable detergent for washing laundry, dishes, floors and general house cleaning, you can save water by using the grey water to irrigate your trees, shrubs and grasses.

As much as
50%
of your water bill comes from outdoor use.

Directions for use:
 Dishwashing & General Cleaning: Add 20ml (1-4 tsp) to 10L warm water.
 Laundry Wash: For a full load add ½ to full dosing cup (25-50ml).
 Add about 5-10ml Care detergent per 1kg of dry laundry.
 For tough stains soak first in warm solution before washing.
 Rinse fabrics well after soaking.
 Mopping: Add about 10-30ml to bucket of water (10L).

Available Pack Sizes: 100ml, 500ml with pump, 2L
